

Operations at Non-Towered Airports

This safety meeting will cover general operation at non-towered airports, traffic patterns, and radio usage.

Directions: Silver Springs Airport is hosting the Annual Lyon County Air Show. The Silver Springs Airport is located on HWY 50 East of Carson City. The safety meeting will be held in the large meeting tent on the airport grounds. There is a seating capacity of 50 people.

A message from the National FAASTeam Manager

Over 10,150 AMTs earned an AMT Award last year. Will you, this year?
